EDUCATIONAL SPRING BREAK CAMPS 2021

Finish the School year Strong!

Two Weeks of Fun!
Week #1: March 15th - 19th
Week #2: March 22nd - 26th

General Camp Information:

- Spring Break Camp \$425 Per AM or PM Session
- Group 1 (Gr.1 - 3), Group 2 (Gr.4-6)
- Child care available upon request before camp (8:30-9:30am), during lunch (12:00-1:00pm) and after camp (3:30-4:30pm)

Student Level Policy:

Students enrolled in Spring Break Camps at Aspire Learning Academy must be able to read and write all letters and numbers at a Grade 1 level.

Cancellation Policy:

If your child is unable to attend the camp that you have signed up for, please notify Aspire Learning Academy in writing 14 days in advance. A \$25 administration fee will apply. Less than 14 days in advance will be subject to 100% penalty. Aspire Learning Academy understands unpredictable situations arise. Give us a call at (804) 281-0507, we will have a chat.

**WEEK
#1**

(March 15 – 19)

Location: Haywood Location

Dates: March 15th – March 19th

Time: 9:30am – 12:00pm

Group 1: Gr. 1–3 **Group 2:** Gr. 4–6

Cost: \$425

(Drop in Option if Space Permits)

Students will be introduced to various strategies and interactive match play of checkers and chess. Students will improve their math skills through individual work, small group activities, and use of manipulatives. This program will focus on the integration of computation and application of topics with problem solving. This camp is designed as an intensive course for practical, everyday mathematics. **Fractions, Measurement, Time and Money.** Students will be using practical, everyday situations to understand these concepts in depth. Students will improve concentration, memory and problem-solving skills with chess and checkers.

PRACTICAL MATH, CHECKERS & CHESS

(March 22 – 26)

Location: Haywood Location

Dates: March 22nd – March 26th

Time: 9:30am – 12:00pm

Group 1: Gr. 1–3 **Group 2:** Gr. 4–6

Cost: \$425

(Drop in Option if Space Permits)

Our Science Madness camp is a one-of-a-kind educational experience. Throughout the week your child will conduct 2 experiments each day, for a total of 10 fun experiments over the course of the camp. Following each experiment, your child will learn about the scientific method and engage in group discussion. Each Little Scientist will write their own hypothesis, discuss the results, and develop conclusions. This camp will keep your child entertained, while learning and developing critical thinking skills.

SCIENCE MADNESS

NOVEL STUDY CAMP

**Students Must be Able to Read and Write at a standard Grade 3 Level*

Our Novel Study Camp is designed for students to understand literary elements and higher comprehension of a chosen novel in a small group setting. This camp will help students develop a variety of critical thinking techniques as well as gain an understanding of comprehension strategies and text analysis. An appropriate novel will be selected to ensure all students attending camp will benefit from the novel presented. Studies have shown that the critical analysis of longer reading materials enhances a student's critical thinking skills. Each Novel Study class will include a combination of comprehension questions, vocabulary development, writing responses, figurative language and a final assessment. This camp is a great way to help your student discover their love of reading.

Location: Haywood Location

Dates: March 15th – March 19th

Time: 1:00pm – 3:30pm

Group 1: Gr. 1–3, **Group 2:** Gr. 4–6

Cost: \$425

(Drop in Option if Space Permits)

**WEEK
#2**

FUNDAMENTAL MATH, CHECKERS & CHESS

This camp will explore Mathematics, Chess and Checkers. Students will be introduced to various strategies and interactive match play of checkers and chess. Students will improve their math skills through individual work, small group activities, and use of manipulatives. This program will focus on the integration of computation and application of topics with problem solving. This camp is designed as an intensive course for the four fundamental competencies of mathematics: **Addition, Subtraction, Multiplication and Division.** Students will improve their concentration, working memory and problem-solving skills with chess and checkers.

Location: Haywood Location **Dates:**

March 22nd – March 26th **Time:**

1:00pm – 3:30pm

Group 1: Gr. 1–3, **Group 2:** Gr. 4–6

Cost: \$425

(Drop in Option if Space Permits)
